Dear Sir:

The U.S. Patent and Trademark Office has taken the position that the previous "Sequence Listing" in computer readable form did not comply with the requirements of Section 1.824 for the stated reason that it contained several raw sequence listing errors. Submitted herewith in connection with the above-referenced patent application is a substitute, computer readable copy of the Sequence Listing that corrects the defects noted in the raw sequence listing. No new matter has been added to the substitute Sequence Listing.

Applicants request that the substitute Sequence Listing submitted herewith replace the Sequence Listing filed on March 30, 2006.

Applicants respectfully submit that entry of the present Response places the present application in condition for allowance.

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 12-0080, under Order No. BGN-A013CN. A duplicate copy of this paper is enclosed.

Dated: May 22, 2006

Respectfully submitted,

By
